

The Kaufman Techniques And Pain Neutralization Technique

The Kaufman Techniques and Pain Neutralization Technique have stunned large gatherings of physicians all over the country with their incredibly effective results. Clinicians from around the world have gathered to learn the techniques from Dr. Steve Kaufman who spent years developing them. This set of techniques use the natural reflexes of the musculoskeletal system to generate healing. There is absolutely no manipulation nor penetration. In June, 2009, I was in Colorado with pain specialists, surgeons, osteopaths, and chiropractors who traveled from all over the US, Canada, New Zealand, England, and Australia to be a part of a very intensive training program.

Read all about these techniques and the amazing reactions of physicians he has treated at www.kaufmantechinque.com and www.painneutralization.com. Just cut or copy this address and paste it into your browser.
